

SOLUTION INFORMATION

PET PLANT-BASED SOLUTIONS

INGREDIENTS FOR PET & EQUESTRIAN NUTRITION

PLANT-BASED NUTRITION takes on new levels of ease and function at Glanbia Nutritionals. Our portfolio provides a range of grain-free, non-GMO ingredients that improve texture and increase protein in pet and equestrian foods and supplements. Our Pet plant-based solutions makes incorporating plant-based protein, fiber and omega-3 ingredients easier.

See what's possible. Just add Glanbia.

PET Plant-Based Solutions Provide Nutritionally Packed, Gluten-Free, Plant-Based Ingredients Specifically Developed for Pet and Equestrian Nutrition Applications.

Plant-based nutrition has been widely sought after as a source of fiber, protein and healthy fats. Incorporating plant-based ingredients into your Pet & Equestrian nutrition products is now easier with our PET plant-based solutions. We ensure our solutions have a long shelf-life and maintain nutritional value. Our PET plant-based solutions improve the texture and functionality of pet and equestrian applications.
