

SOLUTION INFORMATION

SOL-U-PAK®

Sol-U-Pak pouches are an innovative, soluble single-serve solution for ready-to-mix powders. The perfect delivery system for sports, energy and protein powder drink mixes.

We're built around you. Just add Glanbia.

Sol-U-Pak® Pouches Provide The Ultimate, Eco-Friendly, Single-Serve Experience That Consumers Can Feel Good About.

Sports and energy consumers are interested in format innovation, looking for convenient delivery methods that are more environmentally friendly. With increasing interest in powdered formats, 21% of US sports and energy consumers want brands to offer more format varieties and 31% express interest in eco-friendly packaging¹. Offering a range of formats will help brands strengthen product adoption rates, ensure continued use and boost customer loyalty.

What Is A Sol-U-Pak?

A Sol-U-Pak is a pouch that is made entirely of edible, FDA approved, food-grade packaging film that is soluble in cold water.

- Film is heat-sealable - compatible with form, fill and heat seal machines.
- Ideal delivery systems for ready-to-mix powders including protein powders, energy powders and custom vitamin & mineral formulations.
- Single serve for a mess-free, convenient experience.
- 100% dissolvable and eco-friendly

Various Sizes Available

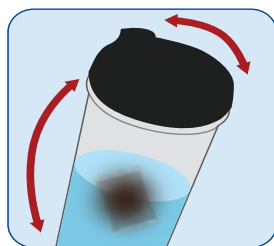

Sol-U-Pak pouches are available in a large array of sizes, from 10g - 500g, to compliment your product serving size.

Benefits Of Sol-U-Pak Pouches

Drop Sol-U-Pak into cold water

Close bottle and shake vigorously

Enjoy

How Do You Use A Sol-U-Pak?

It is as simple as dropping a Sol-U-Pak into a shaker bottle with cold water, shaking to dissolve, then drinking! The Sol-U-Pak only takes about 10 seconds to dissolve.

FULL SOLUTION PARTNER

Glanbia Nutritionals has access to an extensive portfolio of ingredients and technologies allowing us to provide you with nutritional formulation along with complete end-to-end product solutions to meet your needs. From edible films to the development of your ready-to-mix powders, we have the ability to formulate, blend, functionally optimize, test and package your product.

UNRIVALED EXPERIENCE

A pioneer in soluble and edible fill technology for over 80 years, we have a deep level of expertise, a commitment to quality and a range of processing equipment that remains unmatched in the industry.
